Mr. Orme until now has resided in the Riddles Mills neighborhood. It is his second matrimonial venture.

Mr. H. Hall, who has resided on the farm of Mr. J. F. Berbee for the past year, moved this week with his family to Portsmouth, O. Mr. Hall came here about a year ago, for the purpose of growing tobacco. He was drawn to Kentucky from the Buckeye State on account of the extravagantly high prices of the weed. When the pool was dissolved last fall he like many others refused 12 cents for his tobacco. About two weeks ago he sold it on the loose leaf market at Lexington for 7 cents.

chapel under the auspices of the Shakespearean Club of the college. Prof. Williams comes highly recommended and is said to be one of the three best readers of Shakespeare in the United States. This is a rare treat and all lovers of the art should take advantage of it. The club has been put to heavy expense to secure his services in order that the public might be entertained and defied. March 17 and 24 there will be a recital at the chapel; March 31, the annual Senior and Junior reception at M. F. C.; Friday, April 7, "Ogling Owls" at the opera house under the auspices of the Masenic Lodge; Friday, April 14, juvenile entertainment at the M. F. C. chapel, under the management of Miss Sallie McIntyre.

Millersburg is beset with owls. Their shrieks can be heard three times a week. Many of the sleepers of the town are disturbed by them.

The good people of the community will hand themselves together on the evening of April 7 for the purpose of exterminating these owls if possible. If you belong to the good people of Millersburg you will join the popular movement. The owls must be exterminated and it will take numbers to do it. Don't forget the date.

Mayor W. D. Waddell received a telegram Tuesday morning from his brother, Mr. George Waddell, of Atlanta, Ga., saying that he was married on Monday to Miss Fannie L. Pettibone, of the same city, and that a letter with particulars would follow later. A letter was received Tuesday night saying they would spend a few days in Nashville and thence to Louisville for a brief visit. The family have written to him at Louisville urging him to come home with his bride for a few days. Mr. Waddell is one of our old Millersburg boys of who we are justly proud. He is connected with the Puffer Manufacturing Company, of Boston, Mass., and for the past several years has had charge of their southern business, making headquarters at Atlanta, Ga. He is a typical Kentucky gentleman with sterling business qualities. His services having been invaluable to his company and he is one of the few big salaried men. Miss Pettibone is one of the popular and accomplished young ladies of her city and all Millersburg friends extend congratulations.

## Vreeland Likely to Win Tomorrow.

The State Board of Agriculture, Forestry and Immigration has been called to meet in Louisville Saturday, March 11, and it is expected that a secretary of the State Fair will be elected to succeed J. W. Newman.

Perry Shy, secretary of the Agriculture Board, stated Tuesday that he was not a candidate for the secretaryship, as has been reported, and neither was Fred Blackburn, of Clinton, who is a member of the board.

Unless all signs fail, Robert Vreeland, former Commissioner of Agriculture, will land the secretaryship, and his friends on the board predict that he will be elected at the meeting on Saturday.

## Wins Leniency of Police Judge.

A dispatch from Cincinnati says: "Miss Myrtle Watkins, a young girl from Cynthiana, Ky., won the leniency of the Police Court in Cincinnati today by her tears and her request that she be allowed by Judge Bode to take her child to her Kentucky home to live. The child was abandoned by the mother when she was discharged from a hospital in Cincinnati. She returned here last week and told the court officials that she had meant to return for the babe. Today she stood before Judge Bode and told him that the child's father had promised to marry her and care for her as soon as he could find work. The judge took compassion upon her and took the case under advisement until March 13. In the meantime he will have a letter written to Cynthiana to learn if the father really intends to marry her."

## Operator Fired Upon.

Eleven shots were fired through the windows of the King's Mountain station on the Q. & C. railway midnight Tuesday at the telegraph operator, F. A. Ross, but none of the bullets struck the intended victim.

The shattered glass was driven into his face, however, and several serious wounds inflicted. Thomas Brackett, a young white man, was arrested by a special officer from Danville and was placed in the jail at Stanford to await trial charged with the crime.

This is the third time this sort of crime has occurred at the King's Mountain station, the operators being killed in both other cases. Three years ago Harold Vandiver was shot and killed while on duty in the station. Eighteen months ago Matthew Engleman was shot to death at the same place. Detectives innumerable have tried in vain to trace his murderer and no arrests have ever been made.

# ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.

## Somerset in Fourth Class.

At Somerset Circuit Judge Bethurum decided that Somerset was a city of the fourth class and that the Legislature wrongfully transferred the place to a city of the third class. The case is the first one of its kind to be decided in the State and will have a far-reaching effect as Middlesboro was put in the third class at the same time, and the conditions are said to be the same in both cities.
